

# OS Terrain 5

## Release Note

**July 2020**

### Introduction

This release note provides information about the July release of OS Terrain 5. This product was released to customers on **July 15<sup>th</sup> 2020**.

### 1. OS Terrain 5

OS Terrain 5 is a 5m Digital Terrain Model and contour product for the whole of Great Britain.

### 2. Known Discrepancies

There are at times a small number of errors that may be present in the COU and consequently the updated full release. These problems are transient and the application of normal Change Only Updates (COU) will remove them in future releases.

#### Errors in data -

There is a known *Well* error on the following tile:

NN10SW, at Coordinates: 210206, 704287

We are also aware of an increase in the occurrences of overlapping contours. We are currently investigating how to reduce the number of these errors for future releases.
