

AddressBase Core Release 29/10/2024

Release Note version 1.0

GB coverage

Version	Change
1.0	Initial publication of this release note.

Introduction

This release note provides information about the release of the AddressBase Core product on **29 October 2024**.

Record counts

Product	Full Supply record count ¹	Change-Only Update record count
AddressBase Core	34 522 521	31 545

Product supply comparison

There is a difference in record counts between taking a national Managed Great Britain Set (MGBS) and the national 5km-tile supply. This is because the two supplies use different selection criteria. The difference in record counts is shown in the following table, allowing you to validate your data holdings once you have loaded the latest release of AddressBase Core.

Product	MGBS Full Count	National 5km tiled supply	Difference
AddressBase Core	34 522 521	34 522 514	7

A small difference in record counts is expected due to there being several features supplied in the MGBS which fall outside of the tiled area.

¹ These counts are based on a Managed Great Britain Set (MGBS). If you ordered your national coverage via the online ordering system using a polygon outline, your counts may differ.

Changed records

If you receive a Change-Only Update (COU) supply for your AddressBase Core product, you will receive Insert, Update and Delete records within the supplied file. The following table details the numbers of these records which can be expected in the COU supply of the product:

Change type	Count
Inserts	7 035
Updates	22 671
Deletes	1 839
COU populated 5km tile count	2 586

It is important that COUs are processed with Deletes first, then Inserts and Updates. This is to ensure that updates are applied in the correct order. Guidance on this can be found in Section 5 of the AddressBase Core – Getting Started Guide, available on the [AddressBase Core Product Support webpage of the OS website](https://www.ordnancesurvey.co.uk/business-government/tools-support/addressbase-core-support) (<https://www.ordnancesurvey.co.uk/business-government/tools-support/addressbase-core-support>).
