*Northern Ireland, Isle of Man and Channel Islands coverage*

Version	Change
1.0	Initial release.

## Update to the location of AddressBase technical documentation and release notes

AddressBase family product technical documentation (including technical specifications, release notes, getting started guides, etc.) is now available on the new [OS Download Products' Documentation Platform](https://docs.os.uk/os-downloads) (<https://docs.os.uk/os-downloads>). This platform is the new central location for all technical documentation for OS Premium and OpenData Download products (such as AddressBase, OS MasterMap Topography Layer, OS Open UPRN, etc.).

Over the next few months, the old PDFs containing product technical documentation will be removed from the product pages of the OS website and replaced by links to the refreshed documentation on the new platform.

[Release notes for AddressBase products are available on the new platform](https://docs.os.uk/os-downloads/addressing-and-location/addressbase-core-principles/release-notes) (<https://docs.os.uk/os-downloads/addressing-and-location/addressbase-core-principles/release-notes>); simply navigate to the new platform and click *Addressing and location portfolio* > *AddressBase Core Principles* > *Release Notes*. Static PDF release notes for the AddressBase products will be replaced by digital release notes on the new platform over the next few months.
