

OS MasterMap Imagery Layer

Release Note

May 2019

Introduction

This release note provides information about the May release of OS MasterMap Imagery Layer. This product was released to customers on **May 11th 2019**.

1. OS MasterMap Imagery Layer

OS MasterMap Imagery Layer is a 25cm orthorectified Imagery product for the whole of Great Britain.

2. Known Discrepancies

There are at times a small number of errors that may be present in the COU and consequently the updated full release. These problems are transient and the application of normal Change Only Updates (COU) will remove them in future releases.

Errors in data -

Due to a process error there are a small number of black pixels and hard edges present on the following tiles:
