

# OS MasterMap Imagery Layer

## Release Note

February 2021

### Introduction

This release note provides information about the February release of OS MasterMap Imagery Layer. This product was released to customers on **February 4<sup>th</sup> 2021**.

## 1. OS MasterMap Imagery Layer

OS MasterMap Imagery Layer is a 25cm orthorectified Imagery product for the whole of Great Britain.

## 2. Known Discrepancies

There are at times a small number of errors that may be present in the COU and consequently the updated full release. These problems are transient and the application of normal Change Only Updates (COU) will remove them in future releases.

There are 9 tiles that have been identified with hard edge errors. These errors will be corrected for the May product release.
