

How do I add my own key?

Step 1

From the 'Drawing Tools' menu select 'Shape'

Step 2

Click on the map to start. Drag mouse to draw and rotate your shape. Click once to finish.

Step 3

From the 'Drawing Tools' you can add 'Text' to label your key

Hot Tip

Want to impress your teacher? Try editing your shape using the line and fill settings.

1. Fill settings will allow you to change the colour of your shape
2. Line settings will allow you to change the thickness and style of your line
